Important Notes – please read carefully

All products of MONACOR INTERNATIONAL are tested continuously to ensure a constant quality level and to maintain quality standards. All products which are subject to the CE guidelines as well as the electric and electronic subassemblies which are subject to the directive for motor vehicles are tested according to the respective standards and carry the CE mark. These products can thus be sold in all EC countries without further tests or approvals.

General Information

Technical Information

• Before first use of the products, please read the instruction manual carefully! The products correspond to the directive for electromagnetic compatibility 2014/30/EU, the directive 2011/65/EU (RoHS) and where applicable to the low voltage directive 2014/35/EU with the directive 2009/125/EC (ErP).
• When operating with voltages of over 42 V, please always observe the respective safety measures.
• Mains cables and test cables have to be examined for damage regularly. Never pull on the cable to disconnect the plug from the socket.
• Due to production tolerances, technical data may vary slightly.
• Damage resulting from unauthorised servicing of the products thus causing changes as well as improper handling resulting in consequential damage are excluded from the warranty. We will not be liable for changes of the state of the products resulting from improper storage, other interventions or improper use.
• The products do not correspond to the medical products directive 2007/47/EC.
• The plugs, jacks, switches, rotary switches and potentiometers shown in this catalogue are only suitable for connection to safety extra low voltage (SELV) or residual current operated safety extra low voltage (RSELV) systems. They are not suitable for installations into aircrafts or surface mounting onto aircrafts.
• The products are to be put out of operation definitively, they must be taken to a suitably equipped workshop. All products are unsuitable for indoor use only, unless stated otherwise.
• Lithium batteries have to meet special regulations for transportation and storage. Before dispatching such products, please pay attention to the safety notes in the section downloads on our website.

Notes on Devices with Network/Internet Access

Please note that each device connected to a network with Internet access is part of a worldwide network. In order to protect your privacy and to prevent unauthorised people accessing your network and the devices connected, please protect your login details with an individual password prior to initial installation. Please take this into consideration when assigning future passwords in connection with devices, software and apps available in the network, e.g. when setting up user accounts. Passwords should never be disclosed to third parties! Furthermore, please note that any device which has been connected to the network should be reset before being sold or disposed of. This is the only way to ensure that all your personal data is erased permanently.

Information on the German Product Liability Act

According to the law dated 15 December 1989 governing product liability which was last amended by the law dated 19 July 2002, manufacturers, importers and retailers are obliged to compensate for damage caused by a faulty product under certain prerequisites. A product can already be considered faulty if its presentation leaves a private, technical or commercial end user with a wrong impression as to its safety in use or if it is to be expected that the private end user will not observe the required safety regulations when using the product or will apply an excessive operating voltage to it, except if this user has been informed as to the necessity to observe the safety regulations and specified voltages, etc.

In your own interest and for your customers’ safety, therefore please draw your non-commercial customers’ attention to the following:

• If a product is considered faulty under the German Product Liability Act, the warranty will not apply any more.
• The products listed in this catalogue may only be used for the stated purpose. If there are any doubts as to the purpose of the goods, questions must be clarified with an authorised expert or with the service department of MONACOR INTERNATIONAL. The following EN standards and VDE (Verband Deutscher Elektrotechnik = Association of German Electrical Engineers) regulations must be observed:

Electromagnetic Compatibility:
EN300442, EN301489, EN50131-3, EN55103-2, EN61000-3-2, EN61000-3-3, EN61000-6-1, EN61000-6-3

Low Voltage Directive:
DINVDE0100, DINVDE0532, EN60065, EN60335, EN60598, EN60950, EN61010, EN62471

Motor Vehicles Directive:
Directive 2004/104/EC

In Germany, the above-mentioned regulations can be obtained from:

Notes Regarding the Approval of Wireless Systems

These wireless microphone systems in the frequency ranges 863 MHz to 865 MHz and 2,400 MHz are generally approved and licence-free. These wireless systems are licence-free in the EU.

Every wireless system has been examined by a notified body and has been approved in the EU according to the RED directive. However, a frequency assignment for the systems in the frequency range 506 MHz to 542 MHz, 518 MHz to 542 MHz, 672 MHz to 697 MHz and 740 MHz to 776 MHz, 823 MHz to 832 MHz and 1.8 GHz for the corresponding area in which the device is to be used must be applied for at the respective national authority. There are restrictions or requirements within the EU!

In Germany, the frequency assignment has to be applied for at the corresponding branch of the Federal Network Agency (BnetzA, Germany). The declaration of conformity can be found on our website: www.monacor.com, www.imgstageonline.com or www.js-europe.com. The forms for the frequency assignment can be found on the website of the Federal Network Agency www.bundesnetzagentur.de. For countries outside of Europe, please consult the authorities of the corresponding country.

Please observe the notes in the operating instructions.

MONACOR INTERNATIONAL GmbH & Co. KG; February 2018

MONACOR INTERNATIONAL – Your reliable partner – worldwide.
