PRODUCTINFOS

The PROTON Systems

from IMG STAGELINE set the limit which can be achieved regarding mobility, power capability and sound. The active 3-channel systems are equipped with high-performance speakers which allow highest volume levels at an absolutely professional level in cabinets as small as possible. The special highlight: the subwoofer serves as a case for the satellite speakers and cables during transport.

Compact professional active PA system, 2,300 W

- Subwoofer/satellite system with integrated 3-channel amplifier
- Lightweight due to the application of neodymium speakers and class D amplifier
- High-quality cabinets made of birch plywood (multiplex)
- Durable two-component PU coating
- High-performance bass-reflex subwoofer system with 46 cm (18", Faital) bass speaker
- 25 cm (10", Faital) midrange speaker providing a powerful sound and 25 mm (1") CD horn tweeter, constant directivity
- Adjustable volume balance between subwoofer and satellites
- Balanced (comb. XLR) and unbalanced (RCA) inputs and parallel outputs
- Limiter

- Stereo/mono selection, surround effect circuit
- Satellites can be stored in the subwoofer cabinet
- Supplied with speaker cables with NEUTRIK SPEAKON plugs (2 x 10 m)
- Stand sleeve in the satellites
- Subwoofer with M20 mounting plate (recommended distance tube: KM-21367, available at option)
- 75 mm castors with brakes
- Protective cover
- Total weight: 57 kg only

Supplied w/o stands.

tools4music 03/2015

“The PROTON-18NEO is a thoroughly impressive system. It provides a clear bass reproduction and an overall well-tuned sound. A space-saving system with a high power capability.”

tastenwelt 06/2014

“With the PROTON-18NEO, IMG Stage Line is able to offer another multi-purpose active PA system. It is a suitable tool for applications on stage, e.g. for entertainers, DJs, duos and smaller bands. It features a top workmanship, high power capability and a sophisticated transport concept.”
